

**Amendments to the Claims:**

This listing of the claims will replace all prior versions, and listings, of claims in the application:

**Listing of Claims:**

Claim 1 (**Cancelled**).

2. (**Previously Presented**) The composition of claim 13, characterized in that it comprises one or more compounds of the formula (I) in which

X represents fluorine, chlorine or bromine and

n represents 0 or 2.

3. (**Previously Presented**) The composition of claim 2, characterized in that it comprises one or more compounds of the formula (I) in which

X represents fluorine or chlorine and

n represents 2.

4. (**Previously Presented**) The composition of claim 13, characterized in that it comprises, as active compounds of group 1, one or more compounds of the formulae (IA), (IB) or (IC)

5. **(Previously Presented)** The composition of claim 4, characterized in that it comprises, as active compound of group 1, a compound of the formula (IC).

Claims 6 -7 **(Cancelled)**.

8. **(Previously Presented)** A method for controlling pests, comprising contacting a composition of claim 13 with the pest or the habitat of the pest.

9. **(Currently Amended)** A process for preparing synergistic compositions, comprising mixing a composition of claim ~~13~~ 2 with surfactants or extenders.

Claim 10 **(Cancelled)**.

11. **(Previously Presented)** A process for preparing synergistic compositions, comprising mixing a composition of claim 13 with surfactants or extenders.

12. **(Previously Presented)** The composition of claim 13 wherein the active compound of group 2 is selected from the group consisting of clothianidin, imidacloprid, tefluthrin, tebupirimfos, and fipronil.

13. **(Currently amended)** A synergistically active pesticidal composition characterized in that it comprises an active pesticide compound combination comprising:

(a) one or more active pesticide compounds of group 1 having the formula (I)

in which

X represents halogen and

n represents 0, 1 or 2

and

(b) one or more active pesticide compounds of group 2 selected from the group consisting of:

aldicarb, clothianidin, imidacloprid, fipronil, spinosad, tefluthrin, tebufospyr, or a compound of the formula (IIA)

14. **(Currently amended)** The synergistically active pesticidal composition of claim 4, wherein the compound of group 1 having the formula (I) is compound (IC).

15. **(New)**. The composition of claim 2, wherein X represents fluorine or chlorine.
